

# Ayushman Bharat Digital Mission

.Fostering India's Digital Health Eco-System

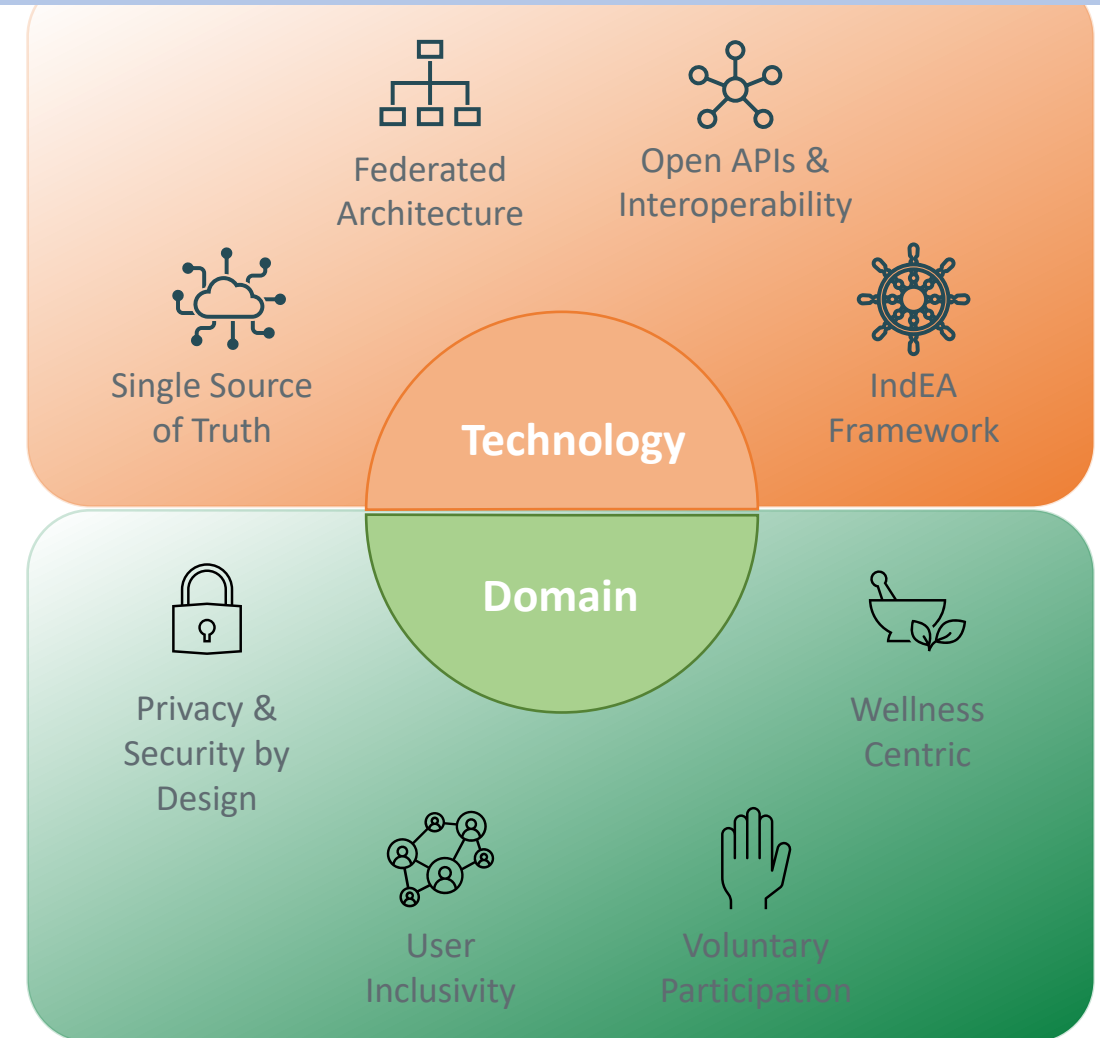

# ABDM - Vision and Guiding Principles in alignment with National Digital Health Blueprint

Adopting the principle of 'Think Big, Start Small, Scale Fast'

## Vision

To create a National Digital Health Eco-system that supports **universal health coverage** through provision of a wide-range of data, information and infrastructure services, duly leveraging **open, interoperable, standards-based** digital systems, and ensuring the **security, confidentiality** and **privacy** of health-related personal information.

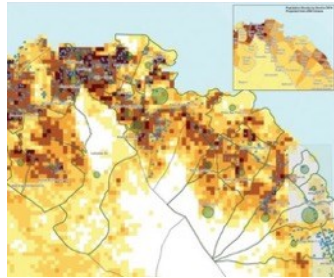

# Enabling new Digital Public Goods for Health Ecosystem

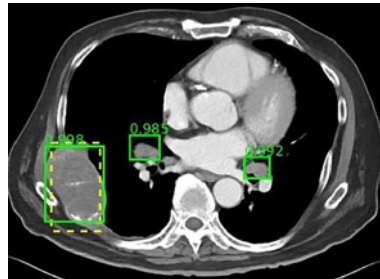

Enable inter-operable  
*Health Data*  
via  
Health Information  
Exchanges

Personal  
Health  
Records

Disease Surveillance  
& data for public  
Health management

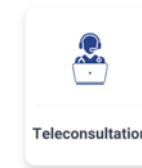

Anonymized large  
datasets for  
machine learning

Enable inter-operable  
*Health Claims*  
via  
Health Claim  
Exchanges

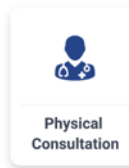

Standardize the interchange  
of information between  
payers and providers

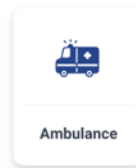

Enable inter-operable  
*Health Services*  
Via  
Unified Health Interface  
(UHI)

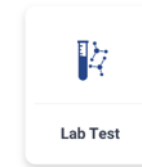

Teleconsultation

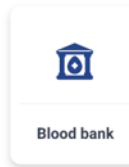

Physical  
Consultation

Ambulance

Lab Test

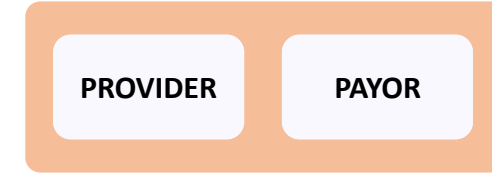

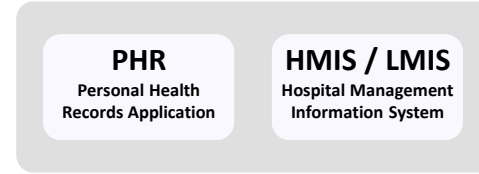

Blood bank

Allow consumers to choose any  
UHI app to reach any participating  
health care provider for these  
services

# ABDM Technology Stack

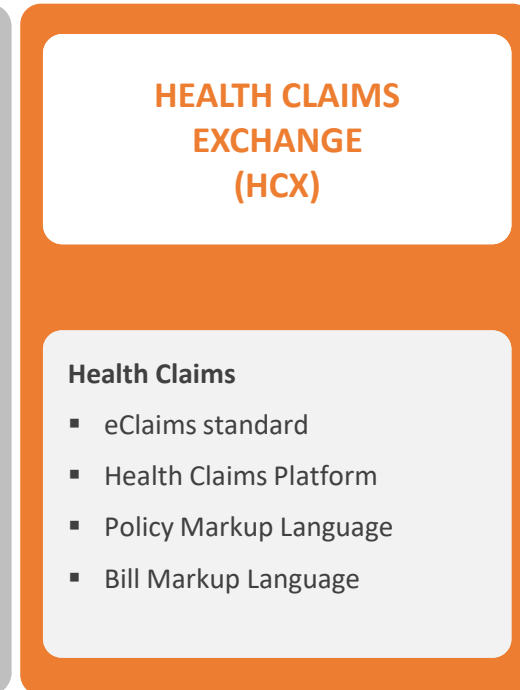

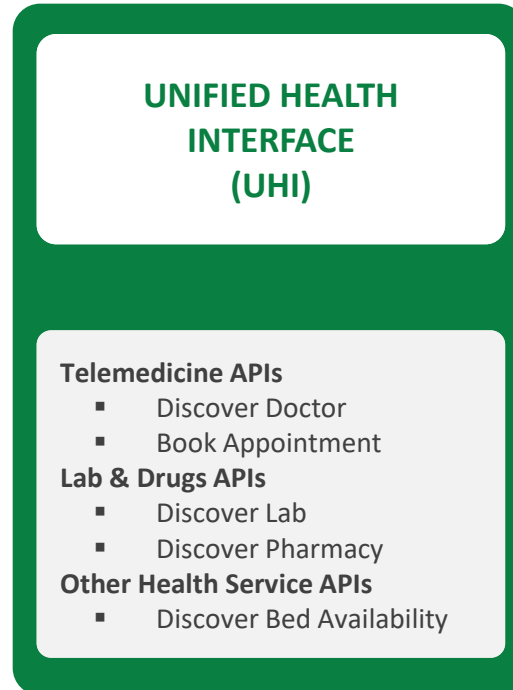

**USER APPLICATIONS**  
Diverse user experiences & innovative solutions

*Public & Private Innovation*

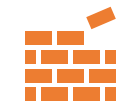

**GATEWAYS AND PROTOCOLS**  
Driving interoperability with open standards

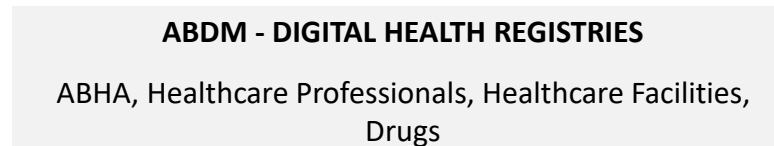

*Digital Health Public Infrastructure*

**SERVICES ENABLED**  
Streamlining flow of data, services health information and money

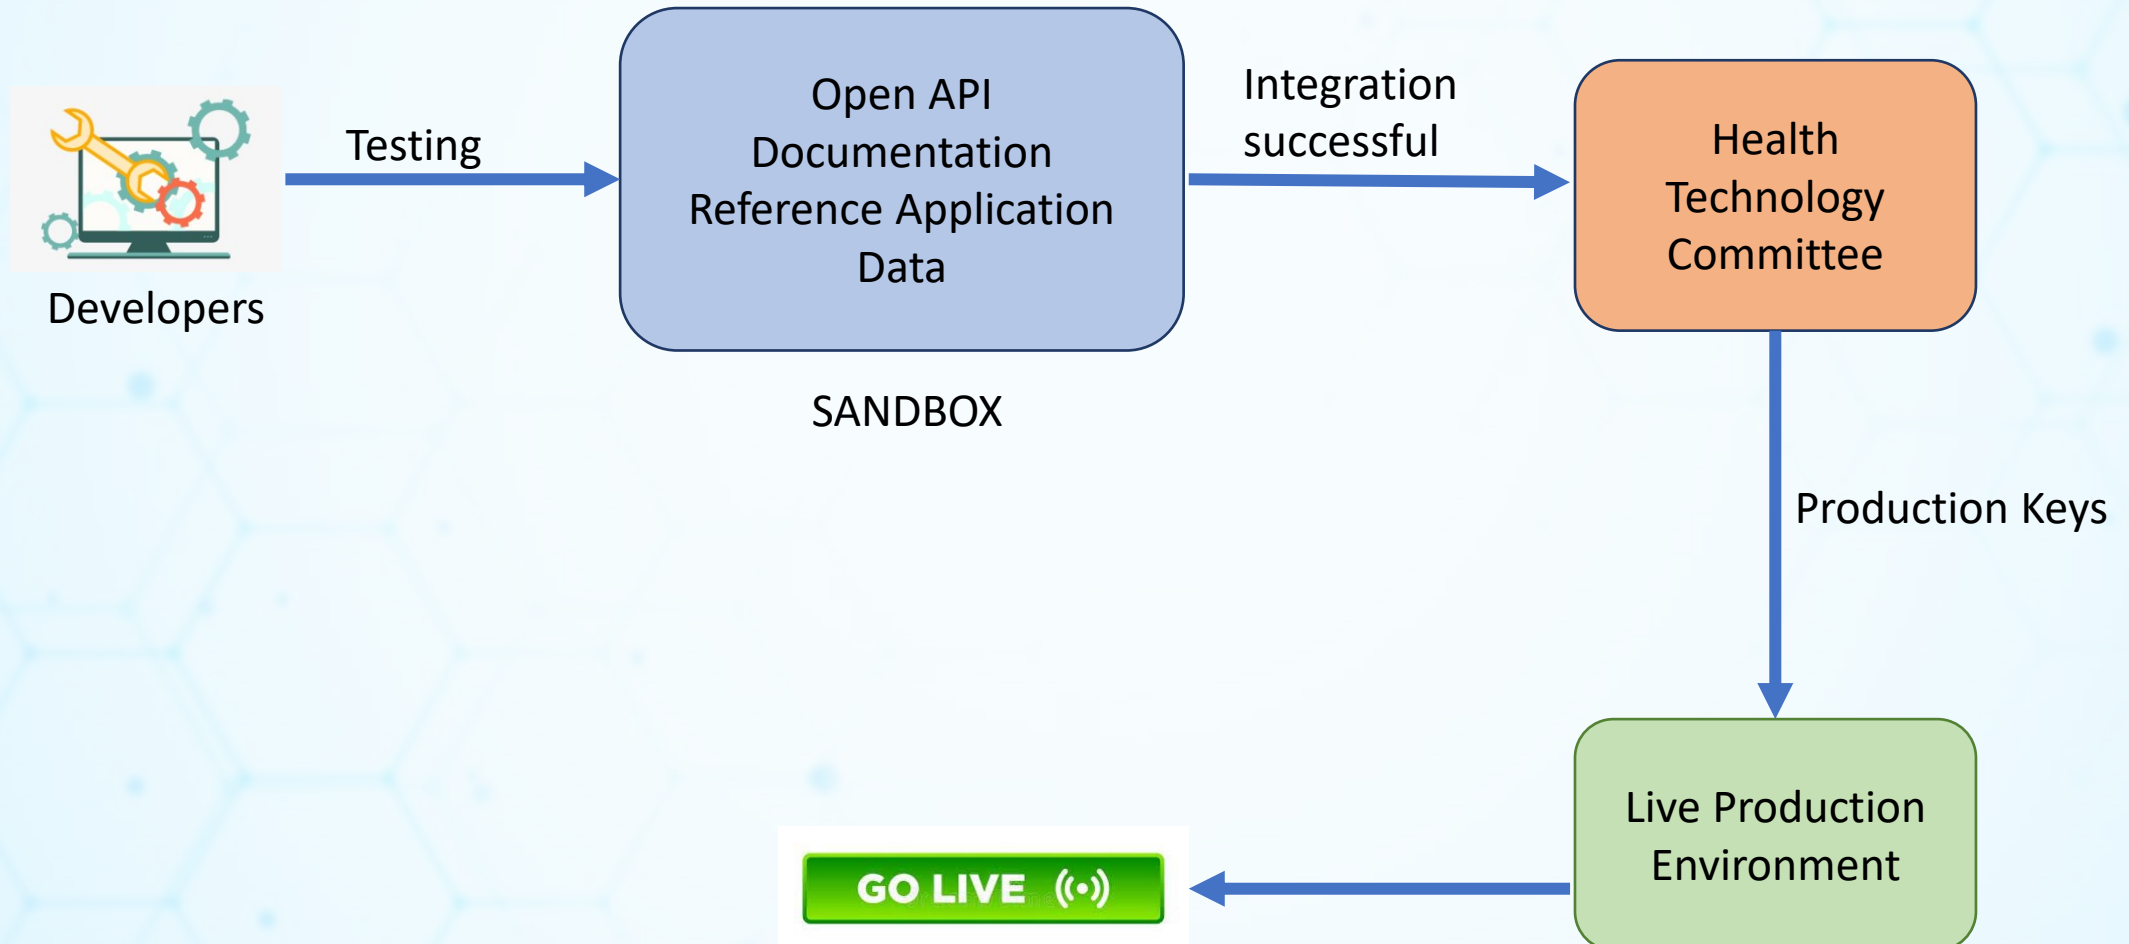

**INDIAN DIGITAL PUBLIC GOODS**  
Cross-domain and domain-specific building blocks

# Overview of Sandbox environment

Sandbox is a software testing environment that allows technologies or products to be tested in the contained environment in compliance with ABDM standards

# Milestones for ABDM Compliance

## Milestone 2

- Health Record Linking

## Milestone 3

- Exchange of Health Records with Consent

## Milestone 1

- Creation of ABHA and Authentication

# 85+ Integrated at Various Levels | 1100+ Ongoing

## Government Health Programmes
